## President's Message

Happy Easter Everyone and Happy Spring!!! Crazy times we are experiencing and I hope this finds you all safe...

As we shelter in place may we get all the projects done we have left undone...and some relaxing and enjoyment along the way...

I have spoken with many of you and so glad to hear the ways we all are meeting the challenge. Heard many of you are painting areas of your homes, organizing, gardening, watching movies and binge-watching different series on Netflix, prime and tv. Cooking has been a good pastime, visiting virtually with friends and family, getting rid of magazines, filing and of course taxes....

However you are filling your time, be safe and take

Claudia Fernandes  
President

care.

I spoke with one of our charities, the Alameda County Food Bank, when this started they had help through much of April but requests had doubled at that time for food needed, and they were providing packaged food to keep it safe. For every dollar donated they can buy 7 dollars worth of food.

At this time may we do what we can for our families and others...

Enjoy your friends and family and have a happy bunny day, however you spend it...

Best healthy wishes to you all and our world,

Claudia

WOW.... what a difference a month makes. Hope this update finds you all healthy. So now that we are home bound for a while with travels that we were doing on our own, it's time to think ahead and get excited for what's coming.

## FWSA TRIP CONDUCT POLICY

This policy applies to all persons participating on a Far West Ski Association ski week or trip. It is intended to maximize the enjoyment for all trip participants and provide guidelines for the FWSA Travel Staff, Council Trip Leaders, and assigned Trip Assistants. All trip participants are requested to observe common courtesy and generally accepted standards of social and moral behavior.

In accordance with Federal and State laws, the Far West Ski Association will enforce a "Zero Tolerance Policy" on illegal drug use at any FWSA sponsored event or trip. Failure to observe this policy will automatically remove you from participation in future FWSA events.

Participants shall adhere to the requirements of FWSA trip packages (e.g., lift tickets) and participants agree not to transfer, resell, or barter all or portions of that package. Only FWSA, or the issuing agency may compensate the participant for the unused portion or permit transfer. Failure to comply may result in exclusion from future FWSA events.

Alcohol and tobacco use is allowed in moderation and where permitted by law. FWSA Travel Staff, Council Trip Leaders, or assigned Trip Assistants, will ask a participant to cease any loud, obnoxious, or offensive behavior. Participants who refuse to cooperate will be reported to local security or local police.

Far West Ski Association maintains a strict policy prohibiting sexual harassment and harassment because of race, religion, color, national origin, ancestry, disability, medical condition, marital status, sexual orientation, age, or any other basis made unlawful by any applicable law or ordinance or regulation. Prohibited harassment in any form, including verbal, physical and visual conduct, threats, demands, and retaliation is unlawful and will not be tolerated. If, after a request to refrain from this behavior, the participant continues, FWSA Travel Staff, Council Trip Leaders, and assigned Trip Assistants may contact local security or local police. Profanity and off-color humor is only permitted if it is not offensive to other participants. Please stop the offensive behavior if asked by another participant, FWSA Travel Staff, Council Trip Leader, or assigned Trip Assistant.

Parents/Legal Guardians of minor children under the age of 18 are responsible for the supervision and behavior of their children. Children under 12 years will be under the direct supervision of their parents/legal guardians at all FWSA events. Parents/Legal Guardians are responsible for providing supervision of their children under 12 years of age during the time that they are attending a FWSA function without their children (e.g., children under 12 will not be left alone in the lodging rooms).

FWSA Travel Staff, Trip Leaders, assigned Trip Assistants, and/or FWSA Board of Directors will attempt to resolve problems in a mutually beneficial manner. When resolution cannot be achieved, FWSA Travel Staff, Trip Leaders, and assigned Trip Assistants have the authority to call on-site security or local police to resolve the problem. Participants may be excluded from a trip at their own expense and without reimbursement of trip expenses.

Feeling confused as to why Coronavirus is a bigger deal than Seasonal flu? Here it is in a nutshell. I hope this helps.

It has to do with RNA sequencing.... I.e. genetics.

Seasonal flu is an “all human virus”. The DNA/RNA chains that make up the virus are recognized by the human immune system. This means that your body has some immunity to it before it comes around each year... you get immunity two ways...through exposure to a virus, or by getting a flu shot.

Novel viruses come from animals.... the WHO tracks novel viruses in animals (sometimes for years watching for mutations). Usually these viruses only transfer from animal to animal (pigs in the case of H1N1) (birds in the case of the Spanish flu). But once one of these animal viruses mutates and starts to transfer from animals to humans... then it's a problem, Why? Because we have no natural or acquired immunity.. the RNA sequencing of the genes inside the virus isn't human, and the human immune system doesn't recognize it so, we can't fight it off.

Now.... sometimes, the mutation only allows transfer from animal to human, for years it's only transmission is from an infected animal to a human before it finally mutates so that it can now transfer human to human... once that happens we have a new contagion phase. And depending on the fashion of this new mutation, that's what decides how contagious, or how deadly it's gonna be..

H1N1 was deadly....but it did not mutate in a way that was as deadly as the Spanish flu. It's RNA was slower to mutate and it attacked its host differently, too.

### **Fast forward.**

Now, here comes this Coronavirus... it existed in animals only, for nobody knows how long...but one day, at an animal market.....

**On another subject.....**Due to the hoarding, sanitation wipes are in short supply. Please remember that the following chemicals should not be mixed together.

Bleach + Vinegar = Toxic Chlorine Gas. ...

Ammonia + Bleach = Toxic Chloramine Vapors. ...

Rubbing Alcohol + Bleach = Chloroform. ...

Hydrogen Peroxide + Vinegar = Peracetic Acid. ...

Baking Soda + Vinegar = Ineffective Cleaning Solution. ...

### **To make your own hand sanitizer**

2/3 cup of 99% isopropyl alcohol, 1/3 cup of aloe vera.

Sorry for so much information. This really helped understand why the coronavirus virus is so dangerous.
