Zimride is a social ride-sharing network providing a fun, easy way for drivers and passengers to connect and share rides.

With the snow coming, we are launching a new route to Lake Tahoe. Hopefully Zimride can help alleviate this traffic.

To take advantage of the offer, simply post a ride to the ski resort of your choice at:

www.zimride.com/tahoe

For the first 500 drivers who pick up passengers from the Bay Area to Tahoe, we'll give you \$40 for gas (in addition to the \$25 average per passenger).

More powder, less traffic!

Castro Valley Ski Club Newsletter

President's Message

Greetings All,

I hope everyone had a wonderful Thanksgiving, knowing that our membership certainly has much to be thankful for. As we head into the holiday/Christmas season, that thought certainly holds sway - and Castro Valley Ski Club is always towards the top of my list of blessings.

Karen Wehrman
President

Many of us enjoyed our annual auction in November, and it was a smashing success thanks to the generous donations of auction items by many members, and for all the members who attended and bid on those items. The items were generous, interesting, and creative. This event really brings out the best in showcasing some of the many talents of our membership. It could not have happened without the hard and consistent efforts of the Chairperson of the event, Eva Lanphear. Eva is also our club Secretary, so she is a volunteer extraordinaire! She was assisted by our wonderful auctioneer, Tucker Hoffmann, and by our past Club Historian, Diana Gartland. Many, many thanks to all three of these outstanding volunteers.

I hope I will see lots of you at the upcoming Christmas party at Sequoyah Country Club. This event is a way to begin your Christmas season cheer and good tidings. This event is planned and coordinated by another fantastic and active volunteer, Pat Green. Pat is always right there to plan another great Club activity. Thank you, Pat, for your much appreciated sense of fun and putting that to good use planning Club activities!!

So, I guess what I am most thankful for with regards to Castro Valley Ski Club is the sense of volunteerism and friendship that is so well founded in the Club. With that thought, I wish all of you a very Merry Christmas and, if I don't see you at the Christmas Party, I'll see you next year. (Hopefully on the slopes)

Oh, yes, it is time to start THINKING SNOW!!!

HAPPY HOLIDAYS - and all the best in 2012!

Karen

RELEASE, WAIVER AND INDEMNITY AGREEMENT

In consideration of my being allowed to participate in CASTRO VALLEY SKI CLUB Events and Activities, I HEREBY AGREE AS FOLLOWS:

I HEREBY ASSUME ALL RISKS INVOLVED IN MY PARTICIPATION IN CASTRO VALLEY SKI CLUB EVENTS AND ACTIVITIES.

I HEREBY RELEASE, WAIVE, DISCHARGE AND COVENANT NOT TO SUE the Club members, its officers, participants, promoters, sanctioning organization or any subdivision thereof, owners and leasees of the premises used to conduct said events, and each of them, all for the purposes herein referred to as "releasee" from all liability to the undersigned, her/her personal representative, assignees, heirs, and next of kin for any and all loss or damage on account in injury (including death) or property.

I HEREBY AGREE TO INDEMNIFY, DEFEND, SAVE AND HOLD THE RELEASEES, AND EACH OF THEM, HARMLESS from and against any and all claims, losses, damages, liabilities and fees (including attorney's fees), damage to personal property, personal injury or death that any of them may incur as a result of, or relating to my participation at any event, and whether caused by the negligence of releasees or otherwise, and whether such claims, losses, damages, liabilities and fees (including attorney's fees) including any personal injury or death are brought against me or any of the releasees.

EACH OF THE UNDERSIGNED FURTHER EXPRESSLY AGREES that the foregoing release, waiver and indemnity agreement is intended to be as broad and inclusive as is permitted by law in the State/Province in which the event is conducted and that if any portion thereof is held invalid it is agreed that the balance shall continue in full force and effect.

THE UNDERSIGNED HAS READ AND VOLUNTARILY SIGNS THIS RELEASE, WAIVER AND INDEMNITY AGREEMENT and further agrees no oral representations or inducements apart from the foregoing have been made.

I HAVE READ THIS RELEASE (ALL APPLICANTS MUST SIGN)

Parents or guardian must sign for those under 18 year of age.

SOUTH AFRICA:

We returned from South Africa on Nov. 3rd. This really turned out to be an exceptional trip. I think a lot of it had to do with our guide Fred. He was probably the best guide we have ever had on an adventure trip. South Africa was much different than we had imaged. Nothing like Kenya where we had been before in 2003.

We started out in Cape Town, South Africa's oldest and most spectacular city. We were there for 4 nights. We rode the cable car to the top of Table Mountain, traveled through the Malay Quarter and visited the Victoria & Alfred Waterfront before departing by ferry to Robben Island, the infamous home to the maximum security prison where Nelson Mandela and others were jailed. We also traveled down the peninsula to Cape Point, the southern most tip of Africa, and where we visited the Penguin colony.

After a short flight to the city of Durban, we traveled northwards to Zululand, where we started the safari part of the trip. Two game drives in open safari vehicles to the fascinating Hluhluwe Game Reserve. Later we visited Damazulu Village and experienced the Zulu tribe.

After Zululand we drove to the tiny Kingdom of Swaziland, and after an overnight stay in Swaziland we went on to most stunning and diverse terrain, of Kruger National Park where we took 3 amazing game drives. We saw all of the big 5 twice on 2 of the game drives, Elephant, Cape Buffalo, Lion, Rhino & Leopard.

Back to Johannesburg and then on to Victoria Fall where we stayed at the Victoria Falls Safari Lodge. Soon after arrival we went on a cruise down the Zambezi River with all the cocktails you could drink.

The following day we went to view the Victoria Falls, often described as the "*Eighth Wonder of the World*". Later we walked with the lions and some took an elephant ride safari while still others did a helicopter ride over the falls!

The next day we joined an optional excursion across the border to Chobe National Park in Botswana. Chobe boasts one of the largest populations of elephants in the world and boy did we see LOTS of elephants.

All I can say is what a GREAT GROUP we had. I think it will be one of those trips we will all remember for a long time.

South Africa trip, October 7 to November 3, 2011: Another great CVSC trip experienced by all!

Safety First For The Season's Start

Opening day of our local resort has snow enthusiasts as excited as kids on Christmas morning. We all want to get out there and pick up right where we left off at closing day of the previous season.

We're caught up in the moment, but we need to take the time to slow down and remember that we're not invincible but rather much more susceptible to early-season injury.

The snow base is comprised of mostly machine-made snow for the first weeks of the ski/ride season. This is much harder and less forgiving snow than we may get used to during the height of the season. It hurts when we fall, and this hard ribbon of snow is not very forgiving.

Start the season by taking your equipment to a ski shop for a full function check. We may be breaking in new boots or are on a new pair of skis. Be patient while getting familiar with the changes in performance the new equipment may bring on.

Seek professional shop help if something about your boots, skis, or bindings doesn't feel right. The staff should be able to fix your problems or send you to the right place to do so. Lastly-never borrow equipment without making the same prior arrangements regarding a function check.

The best advice is to take it easy during those first days back. Focus on form. Take a lesson with a professional ski instructor. They will help squash bad tendencies before they become habits.

"Getting a lesson at the first of the year is really smart because we take skiing one step at a time," says Brendan Doran, a professional ski instructor. "There's no rush to learn a bunch of things all at once. You're way less likely to get hurt when you're not overwhelmed with the sport."

Spend a few minutes to warm up and stretch before your first run. In your room, at the lodge, or on top of the mountain are all perfect places to get loose. Swing your legs and arms to get your blood pumping. Gently stretch your hamstrings, quadriceps, and hips. Hold each stretch for 30 seconds. Stay stagnant and don't "bounce" in and out of the pose. The stretch should feel good, not painful.

By the time we're in the throws of winter we'll be strong, fit, and ready to non-stop every run on the first big snow day of the year. Enjoy being back on snow rather than becoming a statistic of early-season ski injuries.

Safety Tips for a Wonderful Holiday Season

Holiday Lighting

- Holiday decorations, whenever possible, should be made with flame-resistant, flame-retardant and non-combustible materials.
- Keep candles away from decorations and other flammable materials.
- Carefully inspect new and previously used light strings. Replace damaged items before plugging lights in.
- When decorating outdoors, check labels on lights to be sure they have been certified for outdoor use.
- Make sure all the bulbs light up and that there are no frayed wires, broken sockets or loose connections.
- Plug all outdoor electric decorations into circuits with ground-fault circuit interrupters to avoid potential shocks.
- Turn off all lights when you go to bed or leave the house.

Decorations

- Use non-combustible and flame-resistant materials to trim a tree. Choose tinsel and artificial icicles of plastic and non-leaded metals.
- Never use lighted candles on a tree. Place candles where they will not be knocked over.
- In homes with small children, take special care to avoid decorations that are sharp and, and keep trimmings with small removable parts out of the reach of children.
- Avoid trimmings that resemble candy and food that may tempt a young child to put them in his mouth.

Trees

- When purchasing an artificial tree, look for the label "fire-resistant."
- When purchasing a live tree, check for freshness. A fresh tree is green, needles are hard to pull from branches, and when bent between your fingers, needles do not break.
- Cut a few inches off the trunk of your tree to expose the fresh wood. This allows for better water absorption and will help to keep your tree from drying out and becoming a fire hazard.
- Be sure to keep the stand filled with water, because heated rooms can dry live trees out rapidly.
- Make sure the base is steady so the tree won't tip over easily.

Fireplaces

- Before lighting any fire, remove all greens, boughs, papers and other decorations from fireplace area. Check to see that the flue is open.
- Do not burn wrapping papers in the fireplace. A flash fire may result as wrappings ignite suddenly and burn intensely.

Children and Pets

- Poinsettias are known to be poisonous to humans and animals, so keep them well out of reach, or avoid having them.
- Avoid using tinsel. It can fall on the floor and a curious child or pet may eat it. This can cause anything from mild distress to death.
- Inspect wrapped gifts for small decorations, such as candy canes, gingerbread men, and mistletoe berries, all of which are choking hazards.

Security

- Use your home burglar alarm system.
- If you plan to travel for the holidays, don't discuss your plans with strangers.
- Have a trusted friend or neighbor to keep an eye on your home.

Happy Holidays!!!!

Hello Castro Valley Racers,

This is my first article as your new race director. I have worked with your previous race director, Dave Cunningham, for many years in the Open League Race Committee (OLRC).

I have been the race director for Sno*Flakes for many years, but as their last racer, I decided to make a move.

Keith Wilson
Race Director

Some of us know how racing has changed over the years. It used to be that racing took up most of the day on the mountain, but not anymore. The competition has become streamlined. There are reasons for this:

Open League racing is organized by a highly experienced group.

The ski resorts are much more experienced at putting on a race.

There are slightly fewer racers.

There are more race classes, making it easier to balance the groups that race together.

Those of us that have been racing for 10 or more years have seen this. Racing has improved in many ways:

The race courses are longer than they used to be.

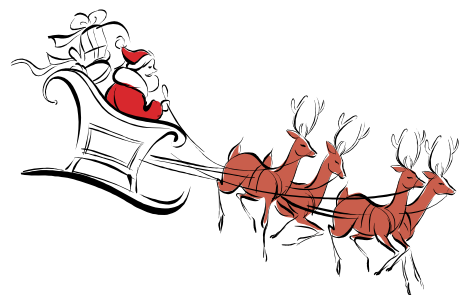

The race courses are better groomed with fewer ruts.

Even the intermediate racers get two runs sometimes.

For anyone who would like to try racing, come on up for a weekend. Anyone can try the racecourse for a small fee that can be applied to league registration. Just be there by 8AM. Or call me for more information at 925-828-8265 (H) or 549-1715 (C).

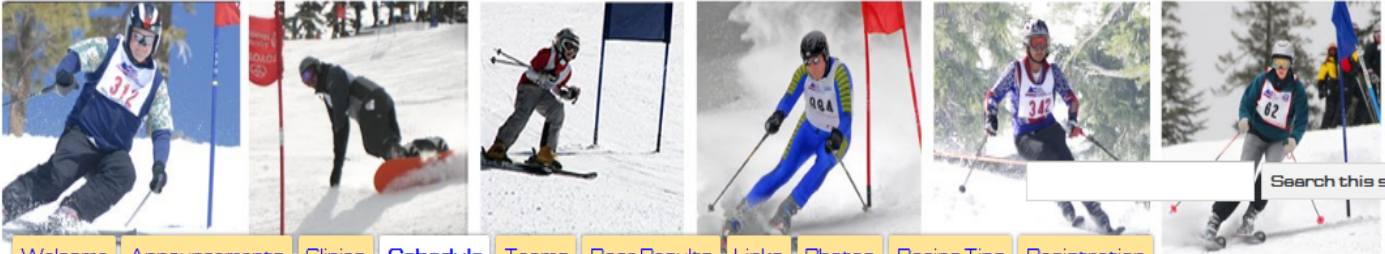

Included is the schedule for the upcoming race season. It is also on your website. Watch the Open League website for the latest information - www.olrc.org. (Note that this website will direct you to the new website on google – just click on the link.)
